13. AA Smartfuel discounts are only available on electricity accounts.
14. AA Smartfuel discounts will be awarded as soon as practicable after the 1st of every month from the month following the date the Plan is applied to your account. It can take up to 48 hours for the AA Smartfuel discounts to be applied and show on your AA Smartfuel account.
15. We are not responsible or liable for the application of the AA Smartfuel discounts to your account, this is the sole responsibility of AA Smartfuel Limited.
16. Upon receipt of a request from you, we will link your AA Smartfuel membership number to the nominated electricity account. AA Smartfuel discounts earned prior to the date your accounts are linked will be applied as soon as practicable after the 1st of the month following that date.
17. Your entitlement will accrue whether or not your AA Smartfuel card is registered. It is your responsibility to ensure you have registered your card with AA Smartfuel Limited.
18. If we send you an overdue payment reminder while you are on the Plan, any AA Smartfuel discounts which would have been earned by you while your payment remains overdue will be forfeited. Once you have paid any amounts owing to us you will start earning AA Smartfuel discounts on the Plan again.
19. The offering of AA Smartfuel discounts to customers and the changing of the terms upon which AA Smartfuel discounts are offered in the future are solely at our and/or AA Smartfuel Limited's discretion.
20. AA Smartfuel discounts can be used once on up to 50 litres of fuel. To maximise your savings, it pays to fill up as close to 50 litres as you can because your account balance will return to zero after each redemption. Once accumulated, discounts must be

redeemed by the end of the following calendar month, e.g. a fuel discount dated 1 July 2017 through 31 July 2017 will expire on 31 August 2017. AA Smartfuel terms and conditions apply: www.aa.co.nz/site-info/terms-and-conditions/aa-smartfuel/
