

Application for Distributed Generation

Please complete all fields. You need to be a Contact customer first before applying for solar or any other Distributed Generation (DG) at your property. *Note: Solar/DG is only available on certain types of plans. See contact.co.nz/personal/electricity/solar for details.* Distributed Generation Terms and Conditions apply:

holder's name/
business name

Account number

Email address

Phone number

Physical supply
address for
generation facility

ICP Number

Your ICP number is on your
energy bill on the back page.

Are you GST
registered?

Yes

No

You don't need to be GST registered to apply for a distributed generation meter.

If yes, what is your
GST number?

I'm on an eligible
plan for solar

Yes

No

See contact.co.nz/support/electricity-and-meters/solar

Your Distributed Generation set up Your electrician/solar installer can help with this.

Number of supply phases 1 2 3

Number of generation phases 1 2 3

Expected date system will start operating / /

This will help us with the planning of
your meter installation where practical.

Electrician name

Phone

Solar installer
company name

Phone

Please select which meter set-up you want (see contact.co.nz/support/electricity-and-meters/solar)

Anytime

All Day Economy

Day/Night

Other, please specify

If you don't select an option, we will give you an Anytime meter set-up.

Application for Distributed Generation

Meter access information

If a new meter needs to be installed, would you like to be there for the installation? Yes No

If yes, we will instruct our contractor to call you to make an appointment. We will use the daytime contact number provided.

Meter location

Is access available to your meter? Yes No

If no, describe how our contractor can gain access

Site hazard information

Do you have a dog? Yes No

Are there any hazards at site? (e.g. slippery deck)? Yes No

If yes, describe hazard:

Important things to know

- The pricing plan for the account stated may change as a result of the new meter installation.
- An electrician will need to have completed any necessary wiring and provided a Certificate of Compliance (COC). This needs to be on site. An incomplete service fee will apply if a contractor attends the property and the necessary wiring isn't ready.
- If a new meter installation or remote meter update is required, a meter change fee will apply.
- If a request for work appointment is cancelled before it is performed or you can't be contacted as requested, a cancellation fee will apply.

See contact.co.nz/fees for fee details.

Please complete the Third party or Account holder section (as applicable) and sign below

Third party authorisation

Fill in this section if you're completing this form on behalf of the energy account holder/s. For example, if you're the solar installer.

I have permission from the account holder/s to arrange for Distributed Generation to be set up at the property and have made the account holder aware that fees may apply.

Yes No
