- 1. Connect to the modem via Wire or Wireless
- 2. Open a browser (Chrome, Firefox, Safari, etc.) and enter 192.168.1.1 in the address bar
- 3. The modem will ask if you want Netgear Genie to assist, select **No** and then confirm this on the next screen.
- 4. Create a password and set the security questions and click Next
- 5. Login in using admin as the Username and the password you set in Step 4
- 6. Click the Advanced tab and using the left-hand side panel, navigate to Setup > Internet
- 7. Make sure the following settings match and then click Apply

NIGHTHAWK (2) (
